WEEKLONG CAMP

GRADES 9-12 (RISING)

Summer
CAMP AI '23

WHAT IS AI, WHERE DID IT COME FROM, HOW IS IT CREATED, AND HOW WILL IT IMPACT US?

- Learn about AI from three NKU School of Computing and Analytics faculty members
- Explore different AI application areas
- Experiment and create AI systems using Python (prior programming experience not required)

The camp will inform high school students about:

- Artificial Intelligence
- AI-related careers
- Meet and network with other interested peers
- How to form AI clubs in their high schools

DATE

**JUNE 19-23, 2023
9 AM - 1 PM**

VENUE

NKU GRIFFIN HALL

PRICE

\$75 (INCLUDES LUNCH)
